

Oops...

Trac detected an internal error:

```
OperationalError: unable to open database file
```

If you think this should work you can reproduce the problem, you should consider reporting this to the Trac team.

Before you do that, though, please first try [searching](#) for similar issues, as it is quite likely that this problem has been reported before. For questions about installation and configuration of Trac, please try the [mailing list](#) instead of filing a ticket.

Otherwise, please a new ticket at the Trac project site, where you can describe the problem and explain how to reproduce it.
